

RESERVATIONS IS THE FIGHT

And It Will Be Held on the Floor of the Senate

COMMITTEE ADOPTS TEN RESERVATIONS

Debate on Johnson Amendment Was Continued To-day

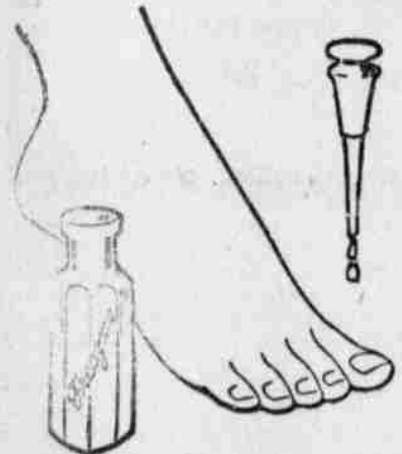

Washington, D. C., Oct. 23.—Although nominally the Senate was still in the midst of its fight over peace treaty amendments to-day, the real subject of interest among its members was the situation regarding reservations brought by recent developments to a sharp issue.

Having adopted ten revised reservations, the foreign relations committee planned to meet again late to-day or to-morrow to continue the work of formally approving a reservation program which the Republican leaders said had been pledged by the support of a majority of the Senate.

The administration forces, unable to accept the majority of proposals or to secure their modification in the committee, was planning to organize a fight against them on the Senate floor.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful—Adv.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health to-day were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and in a few days the habit is broken and is; the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting advertisement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the results.—Adv.

Scrofula Rheumatism

and Catarrh are constitutional diseases. They require a constitutional remedy. There is none better than Hood's Sarsaparilla.

Which thoroughly purifies the blood and builds up health.

Beautiful Skin and Hair By Daily Use Of Cuticura

Let Cuticura be your beauty doctor, one that really does something to purify and beautify your hair and skin. Bathe with Cuticura Soap and hot water to cleanse the pores. If signs of redness, roughness or pimples are present, ordain Cuticura Ointment, touch gently with Cuticura Ointment before bathing or shampooing. They are ideal for all toilet uses.

Be sure to test the fascinating fragrance of Cuticura before purchasing the skin.

Whether this fight would be carried to the point of voting against the treaty ratification if the reservations were adopted remained to be determined. Debate on the Johnson amendment proposing to give the United States as many votes as the British empire in the league assembly was to continue to-day.

GAS NEARLY KILLED TWO.

Brattleboro Man's Furnace Acted Badly on First Try-Out.

Brattleboro, Oct. 23.—Escaping coal gas in the home of Road Commissioner Charles J. Dube nearly cost the lives of two of his daughters about 4 o'clock yesterday morning in their home at 33 Forest street. Another daughter was affected so that she fainted and five other children in the family, four boys and a girl, inhaled so much gas that it produced vomiting. Only the two daughters principally affected inhaled the gas during sleep, the others inhaling it after the household had become awakened. An elderly man and woman who live in the Dube family were about the house during the excitement, but they did not show any effects of the gas, and Mr. and Mrs. Dube were not seriously affected.

"LONG, HARD STRUGGLE."

Says Mr. Taft of League of Nations as Protector of Weak.

New York, Oct. 23.—A letter from former President Taft expressing the belief that it will be a "long, hard struggle" for the league of nations to acquire sufficient prestige to protect abused people in central Europe, was received here yesterday by Louis Friedman, a local merchant. Mr. Taft expressed his conviction, however, that the league would eventually have this power. Mr. Friedman had asked Mr. Taft for his opinion on reported programs.

MINERS' STRIKE IN THE BALANCE

Depends on Action by Operators and Miners on Sec. Wilson's Proposal

FOR INCREASED WAGE BUT NOT 36-HR. WEEK

The Reply Is Expected to Be Presented This Afternoon

Washington, D. C., Oct. 23.—Action of the coal miners and operators to-day on Secretary of Labor Wilson's proposal for the settlement of their differences will determine the future course of the government in an effort to avert the strike of half a million bituminous coal miners called for Nov. 1. The proposal would grant the miners an increase wage but ignores the union demands for a 36-hour week. Operators and miners met separately in secret sessions this morning to consider the proposals and a joint conference with Secretary Wilson was set for 2 o'clock when the final answer was to be given.

BOSTON MAN BURNED.

When Airplane Fell on Mess Hall at Kelly Field.

San Antonio, Tex., Oct. 23.—Lieut. Edward R. Fuller of Chicago and Lieut. Cornelius J. Kenney of Boston were severely burned yesterday when their airplane fell in flames and landed on a mess hall at Kelly field. The machine and building were destroyed by the fire.

To get the genuine, call for full name, LAXATIVE BROMO QUININE Tablets. Look for signature of E. W. GROVE. Cures a Cold in One Day. 30c.—adv.

START TO-MORROW AND KEEP IT UP EVERY MORNING

Get into the Habit of Drinking a Glass of Hot Water Before Breakfast.

Millions of folks bathe internally now, instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles, according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, your bile and indigestible material left over in the body, which, if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply cannot get feeling right, are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.—Adv.

GETTING READY FOR ST. ALBANS

Spaulding High Had Lively Tussle with Tosi's Academy Team.

At the Lincoln campus yesterday afternoon Spaulding high contested in a practice game with Tosi's academy team. The two teams fought until the last minutes of play but once again no victor was declared, for both had secured a touchdown and when the umpire blew the whistle the score stood 6-6. Tosi's men tried various methods of securing a victory over the school boys, but to no avail. Decisions of the referee were contradicted several times in an effort to gain their point, and no less than 40 minutes of arguing was needed before the game was finally completed.

In the first period several substitutes were used by the school team, who failed to hold the lines of their opponents, allowing several large gains to be made by plunges through center. This method of making gains was resorted to many times during the contest; it was successful at first but failed later. Catto, the fast little fullback, carried the ball for good gains many times for the academy team, and with good interference gained much ground with end runs. This team succeeded in working down the field for a touchdown. Upon being kicked out for a goal kick the ball was illegally caught by a player and this opportunity to make another point was lost.

The second period was as fruitful for the school lads as the first was for their opponents. Open playing gained for them a great amount of ground. Shortly after the period opened, Brown, the left halfback, made an end run for 40 yards. This brought them close to the goal line; Smith then passed to Oliver, left end, who caught the ball just over the goal line. After the ball had been kicked out to the players for a goal kick, an objection was made that a pass could not be caught over the line. It caused much delay and argument, but the final decision gave Spaulding a touchdown for the ball and had been caught within the five-yard line at the rear of the goal line. Further objection was made about kicking the ball out from the line and to prevent further delay the school lads sacrificed this opportunity to win the contest.

The last two periods were uneventful but interesting to watch, as both teams carried the ball often. The absence of the Denmore brothers from the school team was keenly felt. Fullback Denmore, who has been a strong factor in the backfield all year, was kept from the game by Coach Ross that he might be in good condition to play Saturday afternoon when Spaulding plays on her home grounds one of the best high school teams in the state, St. Albans.

Thus far neither has met defeat, though Spaulding has gained no decisions over three of the teams played this year because of tired games. The students and faculty are looking forward to one of the best games of the season, for there is every reason to believe that it will be such.

Yesterday's lineup:
Spaulding. Tosi's.
Greig, rg. Jones, rg. Smith, lg.
Jones, rg. Jones, rg. Smith, lg.
Valiz, rt. Valiz, rt. Parks, O'Keefe, c.
Belville, lg. Belville, lg. Colomb, Ladd, lt.
Oliver, lb. Oliver, lb. Casani, Smith, qb. Smith, qb.
Murphy, rbb. Murphy, rbb. Bianchi, Brown, lbb. Brown, lbb.
Bradley, fb. Bradley, fb. Catto, Substitutes, Henderson for Casani, Tierney for Brown.

SOME men spend months in selecting a car and minutes in deciding on its tire equipment.

And yet the best car in the world is ultimately no better than its tires.

With Firestone Gray Sidewall Tires between you and the road you can rest assured of getting every dollar's worth of satisfaction out of your car that the makers put into it.

INDIGESTION

At once!—"Pape's Diapepsin" corrects your Sour, Gassy, Acid Stomach—Relief awaits you!

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

WRINKLES

Crows Feet and Lines Around Eyes and Mouth

Howard's Buttermilk Cream at night before retiring all that is necessary. This delightful new vanishing cream quickly shows a decided improvement or the purchase price will be cheerfully refunded. The directions are simple, and it costs so little that any girl or woman can afford it. At all drug and toilet goods counters. The Red Cross Pharmacy can supply you.—Adv.

while the committee on resolutions, headed by Lewis E. Person of New York, and consisting of two delegates from each foreign nation and eight from the United States, met to formulate the program of business to be submitted to the conference on Friday.

At the afternoon session the needs of Belgium were up for discussion by Mr. Cannon-Legrand, those of Great Britain by Sir Arthur Shirley Benn, and those of Italy by Professor Bernardo Attolico. France's requirements will be presented in detail at the evening session by Mr. Schneider. Meanwhile the committee on resolutions, headed by Lewis E. Person of New York, and consisting of two delegates from each foreign nation and eight from the United States, met to formulate the program of business to be submitted to the conference on Friday.

What Keeps a Battery Young

To be reliable, a storage battery must have well-made plates.

Battery solution must be proper strength and required purity.

Battery jars must be mechanically strong and must allow no leakage of current or battery solution.

But it's the insulation between the plates that keeps that battery full of life and adds months to its term of useful service.

Drop in and ask us to tell you about Threaded Rubber Insulation, and some of the records it has made in keeping batteries on the job far beyond what used to be the battery age limit.
